

Explanation of Change for Addendum 3

A minor change in the RR-120142 Document Title was necessary. This change is negligible and should not impact the work that any vendor has ongoing or may have already completed.

The correct Document Title now reads: **ADDENDUM #3**

REQUEST FOR PROPOSAL.

Deleted: ~~FOR INTERGOVERNMENTAL TECHNICAL SERVICES CONTRACT~~

To be consistent, each and every “**ITSC**” (INTERGOVERNMENTAL TECHNICAL SERVICES CONTRACT) referenced within this document has been replaced with “**RFP**” (Request for Proposal).

The replacement of each “ITSC” with “RFP” are the only changes that have been made in ADDENDUM #3.

The enclosed attachment document incorporates these changes. Therefore, all Vendors/Responders should only use the attached document, designated as ADDENDUM #3 in place of all previous documents for completion of their proposals.
