

OFFICIAL CHANGE NOTIFICATION – RFP 120142

Due to the holidays falling between the issuance date and the required submission date of RR-120142, HIRRD believes it to be in everyone's best interest to grant a time extension. Therefore, HIRRD is extending the required submission date from January 20, 2014 until February 3, 2014. This time extension impacts other dates in the RFP. As a result, HIRRD has extended the impacted dates which are listed in the reference table below.

Enclosed as attachments are ADDENDUMS # 1 & 2 both of which contain date changes only.

ADDENDUM # 1 is a table individually reflecting all date changes. This table gives, for each date change:

- The page number within the full RFP document
- The line number on the indicated page
- The old date
- The new replacement date

ADDENDUM # 2 is the full RFP RR-120142 with the replacement dates incorporated.

Both addendums are posted on the following HIRRD website under '**All Payers Claims Database**'
